

# MyChart® makes it easier to manage your health care

With the MyChart patient portal, you can communicate with your Health & Wellness Center whenever and wherever you like. MyChart makes it convenient and easy to access your information securely through a smartphone, tablet, laptop or desktop.

## Follow these easy steps to create your MyChart account

- 01 Visit [the MyChart sign up page](#).
- 02 Fill out the online form and answer the questions to verify your identity.\*
- 03 You'll receive an email that includes a security code.
- 04 Enter the code and follow the prompts to finish creating your MyChart account and you're all set!

If you're visiting the center, the staff would be happy to assist you in creating a MyChart account.

[Click here](#) or scan the QR code to follow the steps and create your account on a web browser.

## Access your health care information 24/7

-  Schedule appointments
-  Communicate with your provider
-  View test results
-  Request prescription refills
-  Have a virtual visit
